Our Cause

Hope Haven, a foundation of recovery, provides life skills for homeless, chemically dependent adults and families within a supportive residential environment, leading to independence.

On behalf of the Board of Directors of Hope Haven Inc. and our host committee members Judy Ranson, Stick & Theresa Williams, and Bessie & Allen Tate, we invite you to an exciting evening of dancing and celebration on May 2, 2015, from 7:00-11:00p.m., at The Park Expo Charlotte, NC. This year's event will feature dancing, food, and music, as well as a silent auction & raffle!

Dancing for Hope partnerships will support Hope Haven's residential substance abuse and job training programs for homeless men, women, and children. By providing a safe environment, 24-hour counseling by certified substance abuse professionals, and hands-on technical skills and job training, Hope Haven helps its residents break the bonds of dependency and become independent, productive members of society. Hope Haven is the only licensed agency of its kind, celebrating over 35 years of success in helping adults and families break the cycle of addiction.

We need your help to make our **Dancing for Hope** event a success! Please join the many prominent national and local corporations that have served as proud partners of our past events! We need **YOU** to support our efforts, become a Partner of Hope, and help us create a "Blueprint for Hope" for our friends in recovery. Various partnership levels are available, each with distinct and value-added benefits. Please take a few moments to read the enclosed partnership package and make the right choice for your organization, then fill-out the enclosed form & send it back to us. For more details about the event, please visit our website at www.hopehaveninc.org, or call Lori Vaccaro at (704)372-8809 x 341.

Thank you in advance for your partnership. Through your generosity and support, we can continue fighting homelessness and addiction in Charlotte. Please call or visit our website for additional information.
